Any blank time is available for drop-in office hours, but I may be out and about if nobody makes an appointment.
 I am generally unavailable after 17:00 (5:00 PM), even if I'm in my office.
 If at any time the door is closed, I am unavailable. Please respect the closed door.
 Appointments shown in light blue may not occur every week; if they are not scheduled then I will be in my office.
 To maximize the probability that I will be in my office when you come by, make an appointment!
